Please join us for Green Power!

This "awareness" event is designed to educate the business community about major green initiatives planned for the Front Range, to share community success stories, and to showcase an array of sustainable practices, smart solutions and environmentally friendly products and services available to Front Range businesses.

Meet and attend informative presentations and Q&A sessions from the following "super players" driving sustainability initiatives transforming the Front Range. Richard Conant, CSU, Congressman Ed Perlmutter, Bob Murphy Mayor of Lakewood, Theresa Worsham, Sustainability Coordinator from the City of Golden, Michele Weingarden, Director of Green Print Denver, Mona Newton, Central Regional Representative for the Governor's Energy Office, and Nick Kittle, Fleet Finance Manager for the City of Colorado.

Network with environmental leaders that have adopted sustainability practices at their place of business.

Learn about sustainable practices, smart solutions, and environmentally friendly products and services that will ensure your company thinks big, lives healthy and celebrates success.

Enjoy our "Sustainable Table" of delectable treats and beverages. Register to win "Green" prizes.

Your easy choice for creative multimedia solutions

Admission is FREE, but pre-registration is required!
